The order now under
Consideration refers to the recovery
of arrears due by officials and
and non officials on account of Sites taken up by
them in the Northern Extension
of the Bangalore City.

Under the latest order of
Council distributing the work
between the different members
of Council, the extensions were
assigned to my portfolio.
The Hon. Dewan however
took upon himself to collect
some information regarding
the arrears and issued an
order dated 27th December 1900
regarding the collection of
arrears from allottees of Sites
in the Southern Extension.
He directed the issue of the

Proceedings

Proceedings in the financial
Dept. which is in his portfolio
and remarked on the draft
Proofs. that they might be shewn
to me before issue. I required
under this remark why the
draft Proofs. were to be shewn
to me. The Offg. Dewan thereupon
noted in his own hand "because
he is member in charge of
Extensions" and ordered the issue
of the Proofs. although the Offg.
Secretary Suggested that the Proofs.
might be shewn to me again
before issue.

A Proceedings similar to
the above has been issued
in regard to the Northern Extension
under date The 16th January 1901.
and the Office Copy has been
sent to me for information
I fail to understand what

I am expected to do with this paper.

In justice to myself as member responsible for the extensions however, the least that I can do is to enter my protest against the procedure adopted by the Offg. Dewan. He takes the initiative in a matter that belongs to my portfolio and directs the orders passed by him to be issued in the Financial Department. An order issued in the Financial Department which is directly under his portfolio need not, I believe, be shewn to me unless it was a matter that should be decided in Council when it

it should have been placed before the Council. If the Hon. Dewan felt that it was a matter that referred to the Extensions he should have asked it to be taken up by me and disposed of by me under the rules.

So far as regards the procedure. Now about the merits of the order.

I regret to have to say that it is both inexpedient and in my view of the law of the question, irregular. First, as regards the Expediency I will take up the Case of the Officials first. The question of the recovery of arrears has been receiving my Constant attention.

In april last, finding that there was delay in the recovery of value of house sites and that no time had been fixed, I recommended that the value should be ~~fixed~~ recovered in six monthly instalments. Govt. approved of this recommendation in Pro. No. 1251-2 dated 12th april 1900. On 11th October, the Govt. again called attention to the arrears outstanding and called on the Comptroller to bring to the notice of Govt. any default made in the payment of the fixed instalments. And now comes this order ruling that in the case of Officials who may be unable to pay the whole amount due at once, the amount due

Very little was collected & then arrangements made to collect a few annas monthly till

These rules are still in force that pay at once the first instalment

Should be recovered by monthly instalments not exceeding one tenth of their pay. This order has thrown back the whole work of Collection. I know as a fact that under the pressure applied by the Officer in charge of the Collections many of the Officials were prepared to pay up the whole of their arrears from the pay of this month. But after receipt of the Govt. order now under Consideration, every one of these Officials pleads inability and wants the amount to be recovered at the rate of 1/10th of his pay. The Offg. Dewan possibly was not aware that many Officials

with pay on Rs 20/ and under had purchased Sites worth double, four times and five times their pay. In the Case of such Officials the recovery of the full amount will take more than 2 years and in two cases four years and six months and six years and two months respectively.

Apart from the unordinate delay that this order will cause in the recovery of the value of the Sites, the other is unfortunate in that it will go far to strengthen the idea that already prevails in the public mind, that the Official classes are unduly favoured and the rules are worked rigorously against non-Officials.

This belief about

11

Non-Officials will receive further ~~confirmation~~ Confirmation in the public mind by the order passed by the Hon. Dewan That as regards them the arrears should be recovered as a Revenue demand This order in addition to being inadvisable is, I fear, opposed to Law-
